## S-Flex ~ Semi rigid flexible duct in ALU

## **Technical specifications**

OPERATING TEMPERATURE	MAX. AIR VELOCITY	MAX. WORKING PRESSURE
RATED -30°C to $+250$ °C (tested to $350$ °C)	30m/s	+3000Pa

Non-insulated heavy duty aluminium semi rigid flexible duct reinforced with bronze coated bead

## wire

## Components:

- 1 layer of 70 micron aluminium
- bronze coated bead wire
- water based adhesive in aluminium overlap

Available sizes: 80 - 250mm
